Ruth Cancio

Thoughtfully Selected Art for Your Living Spaces

This collection explores emotional presence through the act of lingering—after the meal, after the conversation, after the moment when nothing more is required except to remain.

Inspired by "**Sobremesa**", a **Spanish term for the gentle pause** that follows shared moments, the work invites closeness, reflection, and unforced connection.

I create abstract works
centered on emotional joy
and quiet calm, painting with
the intention that each piece
invites presence, lingers
gently in everyday life, and
remains timeless enough to
be lived with and passed on
across generations.

Ruth Cancio

Curated jewel-toned abstract expressionist artworks embody this sensibility through intricate layers of color and intentional brushwork.

Every piece reveals itself gradually, capturing moments of pause, tension, warmth, and release.

Grounded in rich hues, the artworks sit
effortlessly within **warm wood interiors,**
where texture, tone, and light deepen their
emotional resonance.
